Product Information

Discover the natural approach to cardiovascular wellness

Natural Herbal Formulation

Nutra Hibitense is a carefully crafted herbal supplement designed to support healthy blood pressure levels. This premium formulation combines standardized extracts of Hibiscus sabdariffa and Olive Leaf to provide natural cardiovascular support.

Indication

Suitable as a complementary approach to support healthy blood pressure levels in adults. This product is intended as an add-on to standard therapy and lifestyle modifications for individuals seeking natural cardiovascular support. May be beneficial for those with mildly elevated blood pressure or those looking to maintain optimal cardiovascular health.

Standardized herbal extracts for consistent potency

Scientifically researched ingredients

Manufactured in UK under strict quality standards

Free from artificial colors and preservatives

Premium Quality

Each capsule contains carefully measured amounts of active compounds for optimal effectiveness.

Ingredients

Scientifically standardized herbal extracts for maximum efficacy

Per Capsule Composition

Hibiscus sabdariffa (Roselle) Calyx Extract

300 mg

Standardized to **10% anthocyanins**

Providing **30 mg anthocyanins** per dose

Hibiscus has been traditionally used for cardiovascular support and contains powerful antioxidants called anthocyanins that may help maintain healthy blood pressure.

Olea europaea (Olive Leaf) Extract

200 mg

Standardized to **20% oleuropein**

Providing **40 mg oleuropein** per dose

Olive leaf extract is rich in oleuropein, a bioactive compound known for its cardiovascular benefits and antioxidant properties.

Excipients

Microcrystalline cellulose Magnesium stearate Silicon dioxide

These inactive ingredients help ensure proper capsule formation, stability, and bioavailability.

Key Benefits

Supporting your cardiovascular wellness naturally

Blood Pressure Support

May help maintain healthy blood pressure levels within the normal range when used alongside conventional therapy.

Antioxidant Protection

Rich in natural antioxidants that help protect against oxidative stress and support overall cardiovascular health.

Natural & Safe

Made from standardized herbal extracts with a long history of traditional use and modern scientific validation.

Complementary Support

Designed to work alongside your existing healthcare regimen and lifestyle modifications.

Scientifically Formulated

Based on clinical research and standardized to ensure consistent levels of active compounds.

Premium Quality

Manufactured in the UK following strict quality standards and good manufacturing practices.

Dosage & Usage

Important information for safe and effective use

Recommended Dosage

1 capsule daily

Take with food or as directed by your healthcare provider

Swallow whole with a full glass of water

Best taken at the same time each day for consistency

Important Warnings & Precautions

Consult your doctor before use, especially if you have existing medical conditions or are taking medications for blood pressure.

Not suitable for pregnant or breastfeeding women, or children under 18 years.

Do not exceed the recommended daily dose unless advised by a healthcare professional.

Discontinue use and consult your doctor if you experience any adverse reactions.

Monitor your blood pressure regularly and inform your healthcare provider of any changes.
